

ENVIRONMENTAL POLICY

Painswick Rococo Garden Trust seeks to develop an ethos of environmental responsibility in all its staff, volunteers and visitors as well as in the management and restoration of the Garden. This is based on recognition of the need to contribute at local, regional, national and global levels to the sustainable use of natural resources and be cost effective wherever possible.

The visitor will see this policy's implementation in such diverse areas as leaving woodpiles for wild animals, to reusing plastic bags for plant sales and growing our own produce to use in the restaurant.

A full copy of our Environmental Policy is available on request.
